

EN

- **Care & use:**
 - ◇ Clean the product thoroughly before first use with warm water and mild detergent.
 - ◇ The lunchbox is made up of 5 pieces: outer case, lid, 3 modular compartments.
 - ◇ Remove all pieces before washing.
 - ◇ Wash all pieces after each use.
 - ◇ Always wash immediately after each use.
 - ◇ Do not clean or allow to come into contact with solvents or harsh chemicals. This could result in damage.
 - ◇ Avoid using abrasive pads or cleaners.
 - ◇ Dishwasher-safe (top rack only, not over 50 degrees).
 - ◇ Ensure that your lunchbox is completely dry before storing.
 - ◇ It is recommended that you store all the pieces separately (Do not assemble before storing it away).
- **For your child's safety and health: WARNING!**
 - ◇ Before each use, inspect the product thoroughly. Throw away at first sign of damage or weakness.
 - ◇ Always use this product with adult supervision
 - ◇ Always check food temperature before feeding.
 - ◇ Not suitable for use in a conventional oven or a combination microwave oven with grill feature.
 - ◇ Do not store in direct sunlight or near heat source.
 - ◇ This product is microwave safe for short periods only; do not use this item in the microwave for longer than 2 minutes at a time. Do not exceed the recommended time, otherwise the container could be damaged. When using a microwave the outside of the product will feel cooler than the food.
 - ◇ It is recommended to remove the lid when heating the food inside the microwave. The lunchbox has a built-in valve to release pressure when the food is hot.
 - ◇ Always stir heated food to ensure even heat distribution and test the food temperature before serving.
 - ◇ Keep all components not in use out of children's reach.
 - ◇ Do not fill with boiling liquids or solids.
 - ◇ Food colourings, over time, may discolour components but will not affect performance safety of the product.
 - ◇ The use with some foods (for example tomato sauce), could stain the parts in contact with the container over time. This does not affect product safety.
- Please read the instructions carefully and keep the packaging for future reference.
- **Safety tested - Complies with EN14372 (only 4420).**
