EN Pacifier holder with ring /snap fastener - Instructions

The Nuvita pacifier holder with ring/snap fastener meet the requirements of EN 12586:2007.

Instruction for use:

Pacifier with button:

1.) Press the ring over the button of the Nuvita pacifier or other button styled soother.

Pacifier with puller:

1.) In the case of pacifier with puller, ensure to attach the ribbon directly to the pacifier fastening with the button. The snap-fastener can also hold teethers and small toys. Unbutton to open the snap-fastener and close by buttoning it again.

2.) The clip is opened by raising the lever that is tied to the cord up. It is closed by raising the lever down.

3.) The holder should only be attached to garments.

4.) Regularly clean the clip with warm water and mild agent. Rinse and do not boil or sterilize by steam or microwave.

5.) Do not use solvents or abrasive cleaning agents as these could damage the product.

6.) Do not store with or allow to come into contact with solvents or harsh chemicals. Store the soother holder in a dry, covered container when not intended to be used immediately after sterilization. Do not store in direct sunlight or near a source of heat.

WARNING:

1.) Before each use check carefully. Throw away at the first sign of damage or weakness.

2.) Never increase or create an extension of the length of the pacifier holder.

3.) Never attached to cords, ribbons, laces or loose parts of clothing since could result to strangulation and / or death.

4.) Do not use the pacifier holder while the baby is sleeping. The pacifier holder is not recommended to be inside the bed, crib, or cot. Make sure that the clip is secured and fastened before leaving the child unattended.

5.) The pacifier holder is not a toy.
